CHIEF SECRETARY'S OFFICE
JERUSALEM.

1st April, 1948.

GENERAL NOTICE NO. 22

Subject : Typewriters and office machinery.

Reference : Section B, paragraph 14 of the list of problems which formed an enclosure to the Commissioner on Special Duty's Secret and Personal Circular of the 2nd December, 1947.

In order to obtain necessary information for the further consideration of the question of preservation of typewriters and other office machinery on withdrawal the Government Printer issued a circular letter No. P.C. 6/47 of the 18th December, 1947. The returns made by departments show considerable variety in the measurement of machines and in the meantime the manufacture of boxes departmentally has become more difficult.

2. I am therefore to inform you that these machines should not as a general rule be boxed, but that as they fall out of use, they first being covered with their own covers or other material, should be locked up in cupboards, steel cabinets or such other receptacles as may be available.

3. In cases where such arrangements are not possible I am to authorize you to make the best arrangements you can locally to provide boxes. The expenditure should be charged to "Advances, Withdrawals", Head XXV Miscellaneous Withdrawal expenses.

M. H. Dorman

GOVERNMENT OF PALESTINE.

Department of Printing &
Stationery.

Jerusalem.

11th, November, 1947.

To all Departments.

It would be appreciated if your return of office machinery for the period ending 31.7.47 is submitted without any further delay as per attached proforma.

2. Incomplete returns have been received in the past and I should be grateful if you would instruct the person responsible in your office to ensure that all data required is given.
3. It is pointed out that Imperial typewriters have two numbers, the first on the circular disk at the back of the frame and the other on the frame under the carriage.
4. Returns should be compiled by departments in respect of office machinery in their formations and submitted to this office.
5. Transfers of typewriters from one office to another should be reported to this office.

Typewriter Repairs

Several complaints have recently been received regarding difficulties experienced by Government departments and Offices in connexion with typewriter and other office machinery repairs (duplicators, calculating machines, etc.)

2. For general information it is intimated that enquiries regarding the supply of new machines should be addressed to the Stationery Storekeeper, Government Printing and Stationery Office, Jerusalem, Telephone 4487.

3. Enquiries regarding servicing (repairs and maintenance), should be addressed to the Mechanic-Charge, Typewriter ^{Repair} Depot, Government Printing Office, Jerusalem, Telephone 4487.

4. Certain proposals to improve the system regarding the servicing of typewriters and office machinery generally, in out-stations, are now under consideration by Government.

5. Should there be undue delay or difficulty experienced it would be appreciated if a letter briefly stating what is required may be forwarded to the Government Printer, with the words "For the personal attention of the Government Printer". Alternatively the matter may be discussed on the telephone.

S. S. ENGELAND.

CHIEF SECRETARY'S OFFICE,
JERUSALEM.

16 OCT 1946

8 October 1946.

GENERAL CIRCULAR No.22/46.

Subject : Repair of office machinery.

I am directed to inform you that the Acting Government Printer has represented that various Government Departments are effecting local repairs to their office machinery without first obtaining his authority, and then forwarding the invoices for payment to his Department.

2. In this connection it should be noted that arrangements are now in hand whereby a typewriter mechanic of the Department of Printing and Stationery travels at regular intervals to various parts of the country to effect repairs to office machinery in all Government offices.

3. I am therefore to request you to ensure that local repairs of office machinery should not be effected either within the office, or by private arrangement, without the authority of the Government Printer, which authority will be granted only in cases of extreme urgency. Should the typewriter mechanic not be available on request to the Acting Government Printer, machines in need of repair should normally be sent to the Government Printer's workshop.

2 October 1946.

GENERAL CIRCULAR No. 22/46.

Subject:- Repair of office machinery.

I am directed to inform you that the Acting Government Printer has represented that various Government Departments are effecting local repairs to their office machinery without first obtaining his authority, and then forwarding the invoices for payment to his Department.

2. In this connection it should be noted that arrangements are now in hand whereby a typewriter mechanic of the Department of Printing and Stationery travels at regular intervals to various parts of the country to effect repairs to office machinery in all Government offices.

3. I am therefore to request you to ensure that local repairs of office machinery should not be effected either within the office, or by private arrangement without the authority of the Government Printer, which authority will be granted only in cases of extreme urgency. Should the typewriter mechanic not be available on request to the Acting Government Printer, machines in need of repair should normally be sent to the Government Printer's workshop.

DISTRICT COMMISSIONER'S OFFICES.

SAMARIA DISTRICT.

NABLUS.

13 AUG. 1946

TULKARM 14-8-1946

Assistant District Commissioner,
T U L K A R M .

23

I have the honour to refer
to your letter No. T/26/1-23 dated
27.6.46 and to inform you that a
duplicator no. 16024 is ready for
collection from my office.

As regards typewriters, it is
regretted that in view of the necessity
to replace the typewriters that have been
damaged in the recent outrage on the
King David, the Government Printer is
unable to supply you at present with any.

Am S
DISTRICT COMMISSIONER
SAMARIA DISTRICT.

c.c.

Arrange for the collection
of the duplicator

8/3/78

307 - 2

4 July, 1946

Government Printer,
Jerusalem

I have the honour to inform you that in my letter No.307-2 dated the 22nd March, 1945, I have fully reported on the serious position of typewriters throughout the Samaria District.

2. I consider it necessary to supply the Asst.Dist.Commissioner, Tulkarm with the following:-

1. New English Typewriter - Long carriage.
2. Duplicator.

3. One of the two English typewriters in that office is in poor condition and the other requires repairs.

4. At present there is no duplicator in Tulkarm, therefore considerable time and energy are being used in the preparation of copies for distribution to Mukhtars etc. by Asst.Dist.Commissioner's office and other Government Offices in Tulkarm.

4) June, 1946.

District Commissioner,
Samaria District.

Subject:- Office Machinery.

Ref'nce:- My Tul.581/20 dated 12.12.44.

This office is badly in need of the
following:-

- 1- New English Typewriter - Long carriage.
 - 1- Duplicator.
1. One of our two English typewriters is in poor condition and the other is in need of repairs as reported in my above quoted letter.
 2. This office has for long been without a duplicator ~~but~~ which is greatly needed for office circulars and correspondence addressed to Mukhtars etc.
 3. I shall be grateful if arrangements can be made for the supply of the above.

Assistant District Commissioner
Tulkarm.

Jerusalem.

T/1/63

31-7-45

48
581

In order to avoid unnecessary delay in the repair of office machinery forwarded to the workshop of this department from offices situated outside Jerusalem, it would be greatly appreciated if arrangements are made for a label to be attached to each machine sent in for repair containing the following information:-

- 1) Department.
- 2) No. of Machine.
- 3) Make.

The usual letter detailing the repairs necessary should also continue to be forwarded in respect of each machine, for record purposes.

When handed over the Arabic Typewriter I observed that the Back Spacer and Margine Release keys were out of order.

To-day, while I was typing a letter the typewriter stopped as a result of an accidental damage, which I think, is due to a cut in the string.

I shall be glad if it could be repaired early.

15th November, 1943.

Census of Typewriters.

On instructions from the Chief Secretary I have to inform you that I am experiencing very serious difficulties in making arrangements for the future maintenance of all typewriters. At the moment my most urgent need in connection with the compilation of my essential requirements of parts etc. (which has to be completed in the very near future in view of new supply arrangements) is for a typewriter census in respect of English keyboard typewriters. For this purpose the formula shown on the attached sheet should be typed on a separate half sheet of thin paper on each machine in your Department (whether in use or otherwise). As it may become necessary to resort to cannibalization to ensure that Government's stock of typewriters remains at an adequate level and as I could not arrange for cannibalization on an economical basis without full records, it is of the utmost importance that all typewriters on charge to your Department be subjected to this test.

2. I am to request that the specimens be completed within three days of the receipt of this circular and returned immediately together to the Government Printer (Supplies) under registered cover which should be marked "Census of typewriters - very urgent".

- (1). In the event of any discrepancy, the Accounting Officer must furnish an explanation in writing, to the President of the Board, to be attached hereto.
- (2). A copy of this Report should be submitted by the President to the Chief Secretary, the Head of Department concerned and the Auditor.

T/1/414

GOVERNMENT OF PALESTINE.

ADJUTANT GENERAL
COMMISSIONER'S OFFICE

3 - MAR 1942

TULKARM

Printing & Stationery Office,
Jerusalem.

2 MAR 1942

CIRCULAR.

I have to inform you that the possibility of the receipt in Palestine of further consignments of typewriters is very remote and that in the circumstances I find it very difficult to keep control and other offices, engaged on work connected with the war effort, supplied with the necessary typewriters they require.

I would, therefore, be very grateful if you will review the position of typewriters in your department, and return to this office any typewriter that is not considered to be an absolute necessity to enable me to re-issue to offices who are intensively engaged on war activities.

District Commissioner,
Tulkarm.
